Certifications

- The Web Developer Bootcamp.
- Coding Ninjas Data Structure.
- Machine Learning A-Z.
- React - The Complete Guide.

Coursework

UNDERGRADUATE
- Data Structures And Algorithms.
- OOPs And DBMS
- Operating Systems and CN.

Skills

PROGRAMMING
- C/C++ • Java-Script • Python
- HTML/CSS • SQL • Dart. • Typescript

FRAMEWORKS/LIBRARIES
- **React.js** • Express.js • Next.js
- MongoDB • Node.js • flutter. • Redux

MACHINE LEARNING
- **Numpy** • Pandas • jupyter
- Spyder • Streamlit • Scikit-learn

OTHERS
- Git • VS Code • LATEX • android studio.

SOFT SKILLS
- Leadership,Event Management.
- TouchTyping(speed-**80 Rpm**)
- **Languages**:English,Hindi,Bengali

Experience

FLUTTER AND REACT INTERN
Trade Box
📅 March 2022 – Jun 2022   📍 Remote
- Started everything from a sratch and published it to the appstore with a team of 10.
- **Offer-letter** | TechStack:(React,Typescript,Android sdk,dart,Android Studios)

Projects

● DISEASE PREDICTION SYSTEM| LIVE-LINK
Machine Learning Web App
- It is helpful in detection of various diseases like Heart disease,Parkinson's Disease and Diabetes.
- Support Vector Machine and Logistic Regression is used.

🔗**-Repo-Link** | Tech Stack:Spyder,Numpy,Pandas,scikit-learn,Anaconda,Google-Colab,Streamlit,Kaggle-Dataset.

● MOVIE RECOMMENDER| LIVE-LINK
Machine Learning Web App
- A movie recommender that recommends movies using the K Nearest Neighbours algorithm from a list of 5000 movies.
- Colaborative(User Based) And Content Based Filtering are used.

🔗**-Repo-Link** | Tech Stack:Spyder,Numpy,Pandas,scikit-learn,Anaconda,Google-Colab,Streamlit,Kaggle-dataset.

● CLIMA | Flutter User-Based Location App
- Using Geolocator package to get live location data for both iOS and Android.
- Handling exceptions in Dart using try/catch/throw.

🔗**-Repo-Link** | Tech Stack:Flutter,Dart,OpenWeatherAPI,AndroidStudio

● TIMBERNET | LIVE-LINK
Furniture Ecommerce Website(Made for Hackathon)
- TIMBERNET is an online application which acts as an interface between the Furniture shops and Local residents in that area.
- Location Based Recommendation,ChatBot are its unique features.

🔗**-Repo-Link** | Tech Stack:React,Styled Components,React Icons,Auth0,Stripe,Chatbot

● EVOCATIVE.IO
CRUD Webpage
- Evocative.io a tourist attraction site which provides you the information of different tourist attraction around the world.

🔗**-Repo-Link** | Tech Stack:(Front-end) HTML, CSS, EJS. (Back-end) Node.js, Express and Passport along with MongoDB for Database.

Accomplishments

- **Codechef**:Maximum Rating:1800+ (4 Stars).{ **@hellgod13** }
- **HackerRank**:5 Start in Problem Solving.{ **@AbhibhabMitra** }
- **FacebookHackercup 2021 2022 Round1** rank 3k.{ **Certificate** }
- Qualification Rank 4k(Aprox) at **Google Hash Code'22**.{ **Certificate** }
- Semi-finalists at **Tech-Gig Code gladiators'21 and 22**.
- **500+ Coding Problems solved on various platforms**.
